Note of Telephone Conversation

A Mr. Kozlowski, Project Director, Foreign Scientific and Engineering Manpower Studies Program, National Science Foundation (Code 183, Ext. 6417) called stating that last week the Foundation had sent Dr. Wheelon a proposal for review concerning "Scientific and Engineering Manpower Resources in Eastern European Countries." However, in the letter transmitting the proposal he failed to state that the Foundation would like to have [REDACTED] of CIA (Ext. 7703) review it too. (Apparently [REDACTED] has reviewed a number of things for the Foundation recently.)
